## Proper Cart Placement

Place your cart at least 3 feet away from all objects including your second cart, mailbox, car, or a tree. The lid opening should face the street with the wheels of the cart facing your house.

Place wheels of cart toward house.

Keep space between carts and other objects.

## Electric Bill Advice

The more electricity that your home consumes, the higher your electric bills will be. Thankfully, Efficiency Smart offers a free service to help you understand the electric use in your home and provides suggestions on how to decrease your electric bill.

You don't have to be an expert to find ways to lower your bill. Our team will ask you a series of questions to better understand your electric use. Based on your answers, we will provide you with specific recommendations that can help decrease your energy use, many of which are no to low-cost.

## Step-by-Step Guide

- 1 → Gather a recent electric bill (if possible)
- 2 → Contact our Customer Support team via phone, chat or email
- 3 → Answer a few questions about your home and electric usage
- 4 → Receive free helpful tips and information that can help you lower your electric usage

## Wear a mask with the best fit, protection, and comfort for you.

 <b>N95 Respirator</b> NIOSH-approved	 <b>KN95 Respirator</b> Filtration varies depending on standard.	 <b>Disposable Mask</b> Sometimes referred to as "surgical masks" or "medical procedure masks"	 <b>Cloth Mask</b> Non-medical, made of fabric
When worn correctly, respirators offer the highest level of protection and filter 95% of particles.	When worn correctly, KN95s provide more protection than disposable masks.	Disposable masks offer more protection than cloth masks.	Layered finely woven cloth masks offer more protection.  Loosely woven cloth masks provide the least protection.

Masks and respirators should not be worn by children younger than 2 years old.
